ERRATUM

On August 15, 2002, the American Public Communications Council (“APCC”), by its attorneys, submitted its comments in response to Verizon’s Petition for Emergency Declaratory and Other Relief, WC Docket No. 02-202. APCC would like to correct the following inadvertent errors contained in its comments.

This erratum amends APCC’s Comments as follows:

The docket number in the caption should read “02-202” instead of “96-45”.

The date in the caption should read “August 15, 2002” instead of “August __, 2002”.

A Corrected copy of the filing is attached.

August 16, 2002

Respectfully submitted,
